WHO IT FITS

Cats of any size — the doorway is cut tall enough for a maine coon to walk in without ducking. Standard open trays fit; a large hooded tray will not.

WILL IT FIT?

Measure your existing tray against the internal dimensions before ordering: most standard open trays fit, a large hooded tray will not. The doorway is cut tall enough for a full-size cat to walk in without ducking. There is no mat with this one, so put a litter mat just outside the doorway.

MATERIALS

Woven rattan rather than printed board

CARE

Wipe the rattan with a damp cloth; do not soak it

WARRANTY & RETURNS

Frames and hardware: 5 years. Covers, foam, fabric and mesh: 1 year. Cover runs from delivery, for the original buyer; chewing, clawing, overloading, misuse and normal wear are not covered. Returns within 30 days of delivery, unused and in original packaging, with no restocking fee. If it arrives damaged or wrong, we pay the return shipping.

Setup & placement

GETTING STARTED

1. **Put a mat outside the doorway.** There is no mat with this one. A litter mat just outside catches what the paws carry out.
2. **Keep the tray inside, the rattan clean.** Rattan stays clean if the tray stays inside. Wipe it with a damp cloth; do not soak it.
3. **Scoop daily.** It contains the sight and most of the scatter. Nothing contains smell except scooping daily and good litter.

BEFORE YOU START

- ☐ Your litter tray measured against the inside dimensions
- ☐ A litter mat for outside the entrance
- ☐ A well-ventilated spot

PLACEMENT GUIDELINES

TRAY

Measure your tray first; standard open trays usually fit, large hooded ones often do not.

POSITION

A quiet but not isolated spot, with airflow; cats avoid cold, dark corners.

CLEANING

Scoop daily and clean the tray regularly; the enclosure hides the tray, not the smell.

Safety. Keep litter and cleaning products out of reach of children and other pets.
